

## Booking

### Billing a third party / your customer

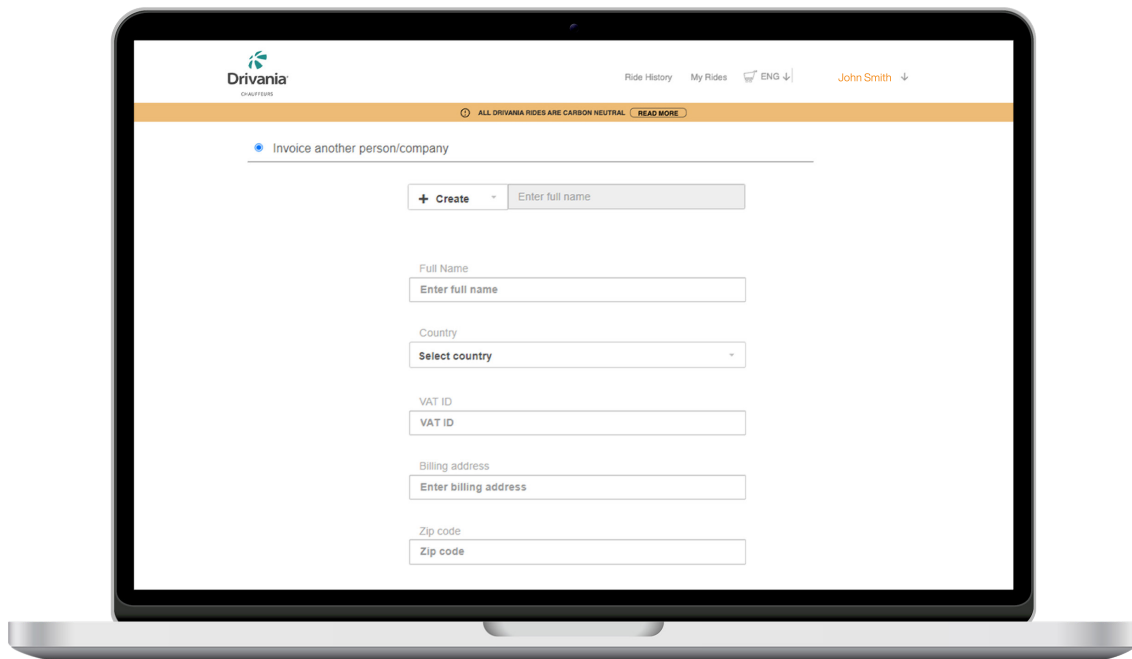

**If a third party will be paying for the ride,** enter their information (individual or company) when you confirm the booking.

**If the third party is a repeat customer,** a payment method other than a credit card may have been negotiated and accepted, and this will appear when the ride is confirmed.

**The customers (third parties) that are linked to your profile** can be viewed in the [Customer Management](#) section.

The screenshot shows a laptop displaying the Drivania e-Booking interface. The page title is "Invoice another person/company". The form includes the following fields:

- + Create** button and **Enter full name** input field.
- Full Name** label and **Enter full name** input field.
- Country** label and **Select country** dropdown menu.
- VAT ID** label and **VAT ID** input field.
- Billing address** label and **Enter billing address** input field.
- Zip code** label and **Zip code** input field.
